

ATTENTION ALPHA BOROUGH RESIDENTS

The Borough of Alpha has a schedule of limb and branch pick up. This schedule is for residents that have limbs and branches that were removed due to storm damage and regular tree maintenance; NOT FOR TREES THAT WERE COMPLETELY CUT DOWN BY THE HOMEOWNER OR A TREE SERVICE.

It is the homeowner's responsibility to remove the entire tree. The month of NOVEMBER will be the last pick time for this year (weather permitting). Please have limbs properly placed curbside.

Please see below:

ALL MATERIAL MUST BE PILED NEAR ROAD OR DRIVEWAY & BE EASILY ACCESSIBLE

Please stack branches with the butt ends facing the same direction. Branch diameter can be up to 5" round with the length not to exceed 15 ft. Please keep piles free of household trash, processed lumber, poison oak and avoid vine type vegetation as this may jam the chipper. The photos below will show you the correct way to stack your branches.

Correctly stacked

Incorrectly stacked

We can not chip weeds or hedge clippings because it clogs the machine.

Chipping Schedule

2nd and 4th Thursday of the month (weather permitting)

Thank you for your cooperation in this matter!
